Roach Flexible conveyors are designed for those times when a fixed conveyor is not applicable, but a rugged and reliable solution is essential. Engineered with the workplace in mind, Roach Flex is built from quality components that can withstand the rigors of loading docks and back-room areas while handling a wide variety of materials.

Roach Flex is the most durable flexible conveyor solution available for any industry application including parcel, e-commerce and retail, airports, warehouse and distribution centers, packaging, and more.
